FILL IN THE MISSING WORDS

\$10
For Your Trouble

IN every advertisement printed below there has been purposely omitted one word, which is necessary to complete the sentence from which it is lacking. These merchants want to see who can supply the most sensible, logical, powerful word in each of the instances. The Times will give a cash prize of Ten Dollars to the person who does the complete work in the most satisfactory manner. A committee of disinterested judges—advertising authorities—will make the decision. No answer received later than 6 P. M. Wednesday, August 5th, 1908.

Address your reply to the "Missing Word Editor," The Washington Times, City.

WE CURE YOU

41 In Every Thousand

Die of consumption in Washington, Maryland and Virginia. One in every ten die as the result of wasted strength due to consumption. Health reports in this city show that consumption claims more people than any other disease.

WE CAN CURE YOU OF CATARRH, BRONCHITIS, ASTHMA, DEAFNESS, AND THE PRELIMINARY STEPS TO CONSUMPTION.

The slight pain or soreness in the chest or back, the little hacking cough, the irritable throat and short breath are the indications of a coming disease which if neglected, will lead to serious lung troubles. Try our method, the first treatment will convince you that your case will yield to the only cure that has had marked success.

DO NOT DELAY TREATMENT. BEGIN NOW.

Procrastination leads to chronic conditions. After structural changes have advanced too far, and we find that your case is incurable, we will frankly tell you so; but even then we can stay the progress of the disease and prolong your life. In the early stages consumption is just as curable as any other disease.

WE DETERMINE BY AN X-RAY EXAMINATION

If necessary the exact stage of the disease, and the treatment is sent directly to the seat of the trouble by the inhalation of oily germicide vapors.

VIBRO-ELECTRIC MASSAGE.

The new German method for treating anæmic and congested conditions which will not yield to internal medication. Paralysis, Locomotor Ataxia, Rheumatism, Sciatica, Deafness, Female Complaints and Chronic Conditions generally yield readily to this new method.

STATIC, FARADIC AND GALVANIC ELECTRICITY.

Successfully applied for treating cancer, skin diseases and nervous conditions. The average physician, no matter how skillful, is unable to treat these conditions intelligently. Every case treated here by a specialist. Examination and medicine free. Hours 10 a. m. to 6 p. m., and evenings by appointment.

Economy Co-Operative Society

Show Rooms Now Open!

Crowded All Week! Great Success!

We opened the doors of our showrooms last Monday and the Washington public were quick to see advantages of our plan. Our rooms have been crowded continually with people who believe in economy, and hundreds of new members have been enrolled during the week.

Thrifty housewives will do well to invest 25c and become a member of the ECONOMY CO-OPERATIVE SOCIETY, which will enable them to save from \$25 to \$50 on their household expenditures. Economy vouchers are given by the leading merchants in all parts of the city with every 10c cash purchase. A list of these merchants will be furnished free at our showrooms.

You are invited to inspect the hundreds of useful and beautiful articles on display. When you are down town you can use our showrooms for a resting place, and our lady clerks will be pleased to explain our system, viz., HOW YOU CAN REALIZE INTEREST ON THE MONEY YOU SPEND.
